

Sund Friday 23 April 86

Just received your very interesting
^{which I shall soon answer}
letter - Cannot trust my memory but
shall write to Dublin & hope to obtain
more particulars than I can recollect
as to Coulter's journeys - I trust that
we shall be here when O. W. H.
comes to London - If you can learn
the date of his intended arrival,
and where he will put up - or letters
find him - let me know - With
that information I shall take care
that he shall at once receive
an invitation to the Athenaeum
& Cosmopolitan Clubs we are
both tolerably well but I have been
wornied by a visit from Lumbago
With our best greetings to both
